

**Quick Guide to
Pest Solutions**

Mice

[Commercial locations](#) should not perform their own rodent control. We will gladly provide a survey and proposal for professional service. Call 800 542 1234.

[Residential](#) mouse control may be undertaken effectively by homeowners with snap traps, **if in conjunction with exclusion and sanitation practices**. We do not recommend using poison baits in a residence. They are usually not effective against mice. [Review 10cPreventingRodents and 10dRodentCleanUp](#).

If you would prefer professional service to eliminate mice in a residence give us a call and we can provide a telephone quotation.
